

## For What Its Worth, by Buffalo Springfield

E A 2x

There's somethin' happenin' here  
What it is ain't exactly clear  
There's a man with a gun, over there  
Tellin' me I got to beware

(I think it's time we)

Stop, children, what's that sound?  
Everybody look - what's goin' down?

E A 2x

There's battle lines bein' drawn  
Nobody's right if everybody's wrong  
Young people speakin' their minds  
Gettin' so much resistance from behind

(I think it's time we)

Stop, children, what's that sound?  
Everybody look - what's goin' down?

E A 2x

What a field day for the heat  
A thousand people in the street  
Singin' songs and carryin' signs  
Mostly sayin', "hooray for our side"

(It s time we..)

Stop, children, what's that sound?  
Everybody look - what's goin' down?

Break

Paranoia strikes deep

E                                A  
Into your life it will creep  
E                                A  
It starts when you're always afraid  
E                                A  
Step out of line, the man come and take you away

(I think it's time we)

E                                D  
Stop, children, what's that sound?  
A                                D                E  
Everybody look - what's goin' down?  
(I think it's time we)  
E                                D

A                                D                E  
Everybody look - what's goin' down?
