Society, by Eddie Vedder

Intro: Bm

D            A          D
   Oh, it's a mystery to me
           D          G           A
We have a greed with which we have agreed
        G                 A                 Bm
And you think you have to want more than you need
   G              A             Bm
Until you have it all, you won't be free

         G                 D
     Society, you're a crazy breed
                      A          Bm
     Hope you're not lonely without me

       D                  A                  D
When you want more than you have, you think you need
           D                 G                   A
And when you think more than you want, your thoughts begin to bleed
   G              A           Bm
I think I need to find a bigger place
               G                 A             Bm
'Cause when you have more than you think, you need more space

     G                 D
Society, you're a crazy breed
               A          Bm
Hope you're not lonely without me
     G          D
Society, crazy indeed
               A          Bm
Hope you're not lonely without me

There's those thinking, more-or-less, less is more
        D          G            A
But if less is more, how you keeping score?
        G            A              Bm
Means for every point you make, your level drops
G                    A               Bm
   Kinda like you're starting from the top, you can't do that

          G                 D
     Society, you're a crazy breed
                    A           Bm
     Hope you're not lonely without me
          G         D
     Society, crazy indeed
                    A           Bm
     Hope you're not lonely without me
          G                 D
     Society, have mercy on me
                    A           Bm
     Hope you're not angry if I disagree
          G         D
     Society, crazy indeed
                    A                   Bm D
     Hope you're not lonely...  without me
